Message from the Worshipful Master

I personally would like to wish you all Brethren a successful, healthy and love filled year for you and your loved ones. As mentioned in my previous months message, I hope we all , together, continue to build on the good work we have done last year and grow as a fraternity. I leave you with this piece for you to think during this month

Among the many lessons that Freemasonry teaches are some that are very simple and universally applicable. The idea that we achieve results in proportion to the amount of effort we make is one such teaching. But Freemasonry is not about material gain, so while the same principle holds true of our jobs, our family life or our social standing, in Freemasonry it is elevated to the sphere of Spiritual endeavour. 'As you sow, so shall you reap.' It is a concept that has been with us for two thousand years. Use it to attain the highest degree of perfection possible.

Happy New Year 2023

Fraternally,
Luis Salvo – Worshipful Master
